University of Michigan  
School of Public Health – Health Management and Policy  
Assistant Professor

JEL Classification: I1, H5, J1

The Department of Health Management and Policy at the University of Michigan School of Public Health seeks candidates for a tenure-track assistant professor faculty position in health economics. Minimum requirements include an earned doctorate in economics and a health-related research agenda.

The ideal person for the position has strong research and applied econometric skills and a research agenda that focuses on important health policy and health services issues. The successful candidate will also be expected to contribute to the educational missions of the department, which includes teaching courses in economics for the doctoral and masters degree programs and mentoring graduate students.

Please send a statement of research and teaching interests, CV, and job market paper to the following address by December 8, 2008. Applicants should ask three references to write independently to this address.

Edward Norton, Ph.D., Professor  
Department of Health Management and Policy  
University of Michigan School of Public Health  
109 S. Observatory Street  
Ann Arbor, MI 48109-2029
